

National Cheng Kung University

NCKU is a Research-Oriented Comprehensive University with Integrated Academic Fields

National Cheng Kung University (NCKU) was established in 1931. It is renowned for engineering, technology, architectural design and medical teaching and research. NCKU is one of Taiwan's leading integrated research universities, and has nine colleges covering the fields of Liberal Arts, Sciences, Medicine, Engineering, Electrical Engineering & Computer Science, Planning&Design, Management, Social Sciences, and Bioscience & Biotechnology. NCKU currently offers 42 undergraduate degree programs, 96 master's degree programs and 53 doctoral programs. NCKU also has a national-level medical center and established the Research and Service Headquarters (RSH) in 1996, the first of its kind nationwide, which features more than 73 research centers.

Design & Planning:

1. Institute of Creative Industries Design (ICID) for Master's Program
2. Institute of Creative Industries Design (ICID) for Doctoral Program

Engineering:

1. International Bachelor Degree Program on Energy (IBDP-E)
2. International Graduate Program of Civil Engineering & Management (ICEM)Department of Civil Engineering
3. International Master Program on Natural Hazards Mitigation and Management
4. The International Curriculum for Advanced Materials Program (iCAMP)

Medical:

1. Department of Nursing for Master's Program

Management:

1. Institute of International Management (IIMBA)for Master's Program
2. Institute of International Management (IIMBA) for Doctoral Program

Cross-discipline:

1. Master's Program in Sustainable Development Practice (MDP)
