

### National Chung Hsing university

*The only top-ranking research-oriented national university in central Taiwan*

National Chung Hsing University (NCHU) was founded in 1919 as the Advanced Academy of Agronomy and Forestry. Since that time, NCHU has demonstrated great accomplishments in agriculture. NCHU is a full-fledged university offering a wide variety of programs through its 8 colleges: College of Liberal Arts, College of Agriculture and Natural Resources, College of Science, College of Engineering, College of Life Sciences, College of Veterinary Medicine, College of Social Sciences and Management, and College of Law and Politics. NCHU has approximately 900 faculty and 300 administrative staff members. The total student enrollment is more than 17,000, of which over 30% are graduate students. NCHU is now recognized by the Taiwan National Science Council (NSC) as having achieved world class quality in the fields of biotechnology, chemistry, and material science.
