

National Yunlin University of Science and Technology

YunTech is a Research/Teaching Driven University

National Yunlin University of Science and Technology (YunTech) was founded in 1991 and originally named "National Yunlin Institute of Technology". At age 23, YunTech is a flagship technological university comprising four colleges, College of Engineering, College of Management, College of Design, and College of Humanities and Applied Sciences. These four colleges account for 20 undergraduate, 28 master's and 12 doctoral programs. The student number is approximately 10,000 in total. 64 percent of them are undergraduates and 36 percent of them are post-graduates. Among the distinguished faculty of the university, over 87 percent holds doctoral degrees and 95 percent has reached an assistant professor's position or above. More than 80 percent of the faculty has extensive experience in industrial sectors.

College of Engineering
