

Yuan Ze University

Established in 1989, Yuan Ze University has evolved from Yuan Ze Institute of Technology to a prominent university with 5 colleges, 24 departments/graduate schools and around 10,000 students. YZU may be young by traditional standards, yet it has been recognized as a model for newly emerging universities within the short 20 years. As one of the youngest and most energetic universities in Taiwan, we will continue to fully utilize our competitive advantages of “innovation”, “quality” and “flexibility”. We provide a challenging environment for students to enjoy learning, develop their potentials and surpass themselves; for faculty to devote themselves to inspiring and mentoring their students and the pursuit of truth and academic excellence; and for staff to promote the quality of service and fulfill personal growth. We welcome outstanding students and scholars around the world to Yuan Ze where you can make your dreams come true.

College of Engineering

1. Department of Mechanical Engineering
2. Department of Chemical Engineering and Materials Science
3. Department of Industrial Engineering and Management
