## Viet Nam National University – Ho Chi Minh City

*VNU-HCM is a Research-Oriented Comprehensive University*

Viet Nam National University – Ho Chi Minh City (VNU-HCM) was established in January 1995 as a national multi-disciplinary university, formed by the merge of several existing universities in Ho Chi Minh City. Our mission is to become Vietnam's premier institution of higher education so that we might better serve the community and country. VNU-HCM is currently comprised of six universities, one research institute, one institute of education, one school and a number of centers: University of Technology, University of Science, University of Social Sciences and Humanities, International University, University of Information Technology, University of Economics and Law, Institute for Environment and Resources, International Education Institute, School of Medicine, Center for Educational Testing and Quality Assessment, Center of French Universities ,etc. In addition, VNU-HCM includes the High School for the Gifted which has produced many winners in international contests in the subject areas of mathematics, chemistry, physics, computer science and biology. VNU-HCM has over 5,500 staff (of which more than 3,500 are teaching staff) and 60,000 full-time undergraduate and graduate students. Presently, VNU-HCM offers programs in five areas such as natural science, social sciences and humanities, technology, economics and health science. With the vision of becoming a prominent university in this region and beyond, we continues to expand the academic programs and upgrade the facilities so as to maximize student potential, preparing them well to meet the requirements of a global economy and the ASEAN Community 2015.

**Biotechnology:**

1. Bachelor program in Biotechnology, School of Biotechnology, International University
2. Master program in Biotechnology, School of Biotechnology, International University
3. Doctoral program in Biotechnology, School of Biotechnology, International University
4. Bachelor program in Food Technology, School of Biotechnology, International University
5. Bachelor program in Aquatic Resources Development, School of Biotechnology, International University

**Business:**

1. Bachelor program in Business Administration, School of Business,

International University

2. Master program in Business Administration, School of Business, International University

3. Bachelor program in Finance Banking, School of Business, International University

**Computer Science and Engineering:**

1. Advanced Education Program in Information Systems for Engineering for Bachelor Degree, University of Information Technology

2. Advanced Training Program in Electrical & Electronic Engineering for Bachelor Degree, University of Technology

3. Bachelor program in Computer Science, School of Computer Science and Engineering, International University

4. Bachelor program in Computer Engineering, School of Computer Science and Engineering, International University

5. Master program in Information Technology, School of Computer Science and Engineering, International University

6. Bachelor program in Electrical Engineering, School of Electrical Engineering, International University

7. Master program in Electronics Technology, School of Electrical Engineering, International University

8. Bachelor program in Industrial Systems Engineering, School of Electrical Engineering, International University

9. Master program in Industrial Systems Engineering, Department of Industrial and Systems Engineering, International University

10. Bachelor program in Biomedical Engineering, Department of Biomedical Engineering, International University

11. Master program in Biomedical Engineering, Department of Biomedical Engineering, International University

12. Bachelor program in Civil Engineering, Department of Civil Engineering, International University

**Management:**

1. Bachelor program in Finance Engineering and Risk Management, Department of Mathematics, International University
